Every Little Thing

Daniel Bedingfield

Everything must change
There's a mirror showing me the ugly truth
I'm living in the changing times
But I got nothing to give, just a life to liveIf your world is without colour
I will carry you if you'll carry me, yeah[Chorus]
Every little thing's gonna be alright
Every little thing is gonna be alright, yeah
Every little thing's gonna be alright
Every little thing is gonna be alrightHold your face to mine
We can wage war against the world some other time
Come here and lay your head down for awhile
I'd do anything to make you smileYeah, let your world be full of colour
I will carry you if you'll carry me, yeah[Chorus]
Every little thing's gonna be alright
Every little thing is gonna be alright, yeah
Every little thing's gonna be alright
Every little thing is gonna be alrightWhen it's all falling down on you
You're crying out, but you're breaking in two
When it's all crashing down on you
When there's nothing you can do
(There is someone)[Chorus]
Every little thing's gonna be alright
Every little thing is gonna be alright
Yeah, yeah, yeah, it's gonna be alright
Yeah, yeah, yeah, it's gonna be alrightEvery little thing
Every little thing
Every little thing is gonna be alright
Every little thing
Every little thing
Every little thing is gonna be alrightEvery little thing's gonna be alright
Every little thing is gonna be alright, yeah
