Dizzy

Amanda Marshall

I like salsa with my pancakes, baby
I like to vacuum when I'm in the nude
I watch the weather channel for no reason
I like it baby, just like I like you
Sometimes the love you get is free from logic
Sometimes it happens when you least expect it
Sometimes I wonder why the world's gone crazy
But I like never knowing what comes next
'Cause I found you
Without even trying
Or lifting a finger
And then you are here
Such a strange thing
We think we're in control
('Til we really don't)
We always know
('Til we really don't)
Until we don't
(Funny)
Funny, how the world can spin so fast
(Spins around)
And we don't crash
(Crashin' down)
We just get dizzy
(Dizzy)
If I could maybe I'd build a rocket
So, you and I could make love on the moon
And get perspective on a world gone crazy
Get understanding about me and you
I used to pull my hair out and worry, baby
That I would die before I found true love
And then the moment that my heart stopped searchin'
A spirit brought you and the universe called my bluff
The best things happen
When you don't try
Or wish on an eyelash
Just open your heart
To a strange thing
We think we're in control

('Til we really don't)
We always know
('Til we really don't)
Until we don't
(Funny)
Funny, how the world can spin so fast
(Spins around)
And we don't crash
(Crashin' down)
We just get dizzy
(Dizzy)
We just get dizzy
(Dizzy)
Fasten your seatbelt
It's always a bumpy ride
Check out the scenery
Don't sweat the details
Don't choke on your pride
Don't fight the changing tide
Your fears are in your mind
We're all just flying blind
We think we're in control
('Til we really don't)
We always know
('Til we really don't)
Until we don't
(Funny)
Funny, how the world can spin so fast
(Spins around)
And we don't crash
(Crashin' down)
We just get dizzy
(Dizzy)
We just get dizzy
We think we're in control
('Til we really don't)
We always know
('Til we really don't)
Until we don't
(Funny)
Funny, how the world can spin so fast
(Spins around)
And we don't crash
(Crashin' down)
We just get dizzy

(Dizzy)
