Window (Acoustic)

Good Old War

I...
I am so like window in your life
I stay so open
and some days, I'm as close as i can get
When you say I love youThat's right
That's right
I'm gonna stay awake for youMy home, my only way to be alone
My home, so quiet
That noise is like 1,000 flying birds
It's so loud, I'm shut downThat's right
That's right
I'm gonna stay awake for youI...
I tried so hard
I wanted nothing
Some time to think
Some time alone
There's nothing wrong with being so quiet
There's nothing wrong
You're never frightenedThat's right
That's right
I'm gonna stay awake for you
