

I Can't Help It

Buddy Miller

I can't help it though I try
When the tears come I just cry
You say that love is gone
But mine goes on and onI can't help it I break down
You don't want me hangin round
You hurt me to the core
But I love you even moreI can't help it no matter what I do
I can't help it I still love you
I can't help it I'm a slave
To this heartache your love gaveI try but it's in vain
And love must take the blame
I'm weary and my mind is weak
My heart is sick with sorrow
I'm too overcome to speak
And I can't face tommorrow
I should be strong by now but I just don't know how
It's more than I can do I can't get over you
