

Loud

T. Mills

We only like it if its loud
We only like it if its loud (if its loud)
We only like it if its loud
We only like it if its loudGoHello, to me
L-O-U-D
Full throttle, turn it up
Loud pack, burn it up
Big faces, earn it
Pockets straight, perm it
Bass knocks,this place rocks
my face numb, my jaw drops
Ratatat, loud pipes
How you like this sound bite
Hey bitch, I'm back at it
(I'm back at it, I'm back at it)
Made a classic, automatic
Never average, get it crackin'
We battin' no eyelashes
Sunglasses we stay blastedWe only like it if its loud
We only like it if its loud (if its loud)
We only like it if its loud
We only like it if its loud, if itsThe volume, the volume, the volume
Pump up the volume
The volume, the volume, the volume
Pump up the volumePockets on loud when I walk around
Yeah, they say we got the sound
Yeah, never turn it down
Pump up the volumeWe only like it if its loud
We only like it if its loud (if its loud)
We always find a way to turn it up again
Never turn it down, we yellin' pump up the volumeNever going home alone but always getting home late
We can get it crackin', iPhone without a phone case
Kush keep callin' me
I'm higher than my phone rate
She wanna be my bitch so I'ma show her how this bone tastesNo brakes, need more bass
Now turn it up and we ridin'
It ain't my fault they can't pull me over if I can't hear the sirens
I don't even need microphone
Compared to me y'all mimin'

Keep my stereo to the max, middle finger up to the silence 'cause We only like it if its loud
We only like it if its loud (if its loud)
We only like it if its loud
We only like it if its The volume, the volume, the volume
Pump up the volume
The volume, the volume, the volume
Pump up the volume Pockets on loud when I walk around
Yeah, they say we got the sound
Yeah, never turn it down
Pump up the volume We only like it if its loud
We only like it if its loud (if its loud)
We always find a way to turn it up again
Never turn it down, pump up the volume Want it loud
We want it, want it loud
Aw yeah, cause they know we got the sound
(Got the sound, sound) Want it loud
We want it, want it loud
Aw yeah, break this mothafucka' down Pockets on loud when I walk around
Yeah, they say we got the sound
Yeah, never turn it down
Pump up the volume We only like it if its loud
We only like it if its loud (if its loud)
We always find a way to turn it up again
Never turn it down
Pump up the volume The volume, the volume, the volume
Pump up the volume
The volume, the volume, the volume
Pump up the volume
