First And Last And Always

The Sisters Of Mercy

See a body and a dream of the dead days
A followin' of lost and blind
Livin' far from here
Tomorrow is a hard to findAnd it seems like twenty five years of promises and give me more
Scenes of a hand me down in dresses heard beforeFirst and last and always
Till the end of the time
First and last and always
MineMaybe it's not so easy
Maybe it's a way to long
Say, say you'll be by me
When the evidence comes alongFirst and last and always
My callin', my time
First and last and always
MineMy callin', my timeSee a place and a dream of the dead days
A followin' of lost and blind
Cross my heart with silver
Here's the key behindSeems like twenty five years of ever after ever more more more
Seems I wore this face for you far too long beforeFirst and last and always
My callin', my time
First and last and always
MineFirst and last and always
Till the end of till the end of the time
First and last and always
MineFirst and last and always
Till the end of the time
First and last and always
Mine
