NEEDTOBREATHE

If you don't know just how you feel
Don't say those sweet things
That you know I'd wanna hearIf you don't know just what to think
Then put your thoughts away
And keep them out of reachHaley don't hurt me if you don't know
I could have moved on long time ago
You're undecided, your eyes do show
Haley don't hurt me if you don't knowIf you don't know just where we are
Then slowly step away before we get too far
If you don't know just where you stand
Don't brace a fall that you may never want to landHaley don't hurt me if you don't know
I could have moved on long time ago
You're undecided, your eyes do show
Haley don't hurt me if you don't knowWe're on and off again
It's more than I can stand
Just let me know if you're for real this time
Your voice, it shook again
Reminded me of when
We talked our way into the endHaley don't hurt me if you don't know
I could have moved on long time ago
You're undecided, your eyes do show
Haley don't hurt me if you don't know
