

# Floating

## The Amazing

Do you remember how  
Heavy golden times were  
Pounding through your soul  
Hesitate once more And in that usual state  
Given the pride I need  
Useless to be I said I know what might be  
I dont care  
Because life is a burden  
That I bear  
All the shifts and moves  
Imagine blurred line shapes  
I want to make them go  
And ask you if you want to leave You kept [?]  
Surround your every breath  
And I was asleep?  
Floating through thin air I said I know what might be  
I dont care  
Because life is a burden  
That I bear All the same  
Talking strangely  
Into the thin air  
All the stars  
Still are overhead  
Wind is stirring worries [?]  
On my face [?]
