

# In the Middle

## Candice Glover

Ding-a-ling-a-ling, gyal make me sing  
You do yo thing to me  
Ding-a-ling-a-ling, gyal make me sing  
You do yo thing to me You got me right where you want me  
Caught up with each other, ridin round to the Monaco Boulevard I said I want you, I don't you  
I need you, gotta have you with me feeling good all the time  
Boy you're blowing my mind And I hate to see you go  
That's why I hold you so close  
Let's write our names in the sky so everybody knows yea yea You me right in the middle of love  
There's a special place for you in my heart  
Ding-a-ling-a-ling, gyal make me sing  
You do yo thing to me  
I just wanna be where you are  
Baby anywhere we go is never too far  
Ding-a-ling-a-ling, gyal make me sing  
You do yo thing to me Your love is like oh oh yea  
Your love is like oh oh yea  
You make me say oh oh yea  
In the middle wit ya So we sat right here in the sand, just me and my man  
Watching the sunset He aksed me what's my favorite tone,  
He turned the radio on and it was some Billy Holiday And I hate to see you go  
That's why I hold you so close  
Let's write our names in the sky so every... everybody knows You me right in the middle of love  
There's a special place for you in my heart  
Ding-a-ling-a-ling, gyal make me sing  
You do yo thing to me  
I just wanna be where you are  
Baby anywhere we go is never too far  
Ding-a-ling-a-ling, gyal make me sing  
You do yo thing to me Your love is like oh oh yea  
Your love is like oh oh yea  
You make me say oh oh yea  
In the middle wit ya Your love is like  
Boy you remind me of my nana's cherry pie  
I'll be your bunny if you say you'll be in my club  
Boy your love is  
Walking on Sunday, holding hands in the park  
I'll give you all of me so baby don't break my heart And I hate to see you go  
That's why I hold you so close

Let's write our names in the sky so everybody knows yea yea You me right in the middle of love

There's a special place for you in my heart

Ding-a-ling-a-ling, gyal make me sing

You do yo thing to me

I just wanna be where you are

Baby anywhere we go is never too far

Ding-a-ling-a-ling, gyal make me sing

You do yo thing to me You me right in the middle of love

There's a special place for you in my heart

Ding-a-ling-a-ling, gyal make me sing

You do yo thing to me

I just wanna be where you are

Baby anywhere we go is never too far

Ding-a-ling-a-ling, gyal make me sing

You do yo thing to me Your love is like oh oh yea

Your love is like oh oh yea

You make me say oh oh yea

In the middle wit ya
