

Mercy Me

Alkaline Trio

It's been a long day living with this
It's been a long time since I felt so sick
I took a long walk straight back home
I could've walked back to San Francisco I used to long for a time alone
I used to long for a place of my own
And I'm losing faith in everything
I'm lost, so lost, I'm lost at sea, you see I used to long for broken bones
I used to long for a casket to call my own
I never had a problem facing fear
But I'm done, over and done my dear And oh, mercy me, God bless catastrophe
Well, there's no way in hell, we'll never live to see through this
So drive your self insane tonight, it's not that far away
And I just filled up your tank earlier today, yeah It's been a long day living with this
It's been a long time since I felt so sick
I took a long walk straight back home
I could've walked back to Chicago I used to long for a time alone
I used to long for a place of my own
And I've lost faith in everything
I'm lost, so lost, I'm lost without you Oh, mercy me, God bless catastrophe
Well, there's no way in hell, we'll never live to see through this
So drive yourself insane tonight, it's not that far away
And I just filled up your tank earlier today, yeah So drive yourself insane tonight, it's not that far away
And I just filled up your tank earlier today, yeah, yeah
