Don't you dare don't you dare
Don't you dare don't you dare I don't have the time or friends
To wait here for coincidence ah-ah I like to lie here on my own
To spare my ears from things they're told ah-ah So if I have a wanderin' mind
I guess it is the truth I'll find ah-ah If you want to keep it real
Get off my back and take a chill ah-ah
Don't step on my toes
Don't step on don't step on (don't you dare don't you dare)
Don't step on my toes
Don't step on don't step on (don't you dare don't you dare)
Don't step on my toes
Don't step on don't step on (don't you dare don't you dare)
Don't don't don't don't (don't step on my toes)
Don't step on my toes (don't step on don't step on)
Don't don't don't don't (don't step on my toes)
Don't step on my toes (don't step on don't step on)
Don't don't don't don't (don't step on my toes)
Don't step on my toes (don't step on don't step on) The longest hair the bluest eyes
The whitest teeth the fakest smile ah-ah You say you want to see it clear
You spent your money getting pure ah-ah
You like to know the way it goes
I'll keep my secrets from your nose ah-ah If you want to feel at all
Go on your own and have a ball ah-ah Don't don't don't don't
Don't step on my toes
Don't don't don't don't
Don't step on my toes
Don't don't don't don't
Don't step on my toes Don't step on my toes
Don't step on don't step on
Don't step on my toes
Don't step on don't step on
Don't step on my toes
Don't step on don't step on
Don't step on my toes
Don't step on don't step on Don't don't don't don't (don't step on my toes)
Don't step on my toes (don't step on don't step on)
Don't don't don't don't (don't step on my toes)
Don't step on my toes (don't step on don't step on)
(Let's go out)

Don't don't don't don't (don't step on my toes)
Don't step on my toes (don't step on don't step on)Don't don't don't don't (don't step on my toes)
Don't step on my toes (don't step on don't step on)
(Let's go outside)
Don't don't don't don't (don't step on my toes)
Don't step on my toes (don't step on don't step on)
Don't don't don't don't (don't step on my toes)
Don't step on my toes (don't step on don't step on)
(Let's go out)
Don't don't don't don't (don't step on my toes)
Don't step on my toes (don't step on don't step on)
Don't don't don't don't (don't step on my toes)
Don't step on my toes (don't step on don't step on)
Don't step on my toes
