Not an Angel

Seventh Wonder

Even when alone I'm not lonely
Even when you're hot I am cold as ice
Another day another lie
And there is nobody to catch me
When I'm falling
Wake up my dear and smell the salt
Don't hide your fear it's not your fault
And from the day I saw your face...
-i've been lying...Soon she will die
In the enemy bed she's sleeping
Innocent victim of this dark charade
But my secret remains in the shade...Yeah I want you to know
I'm not an angel
This evening I can no longer hide
I'm not just a man...
And I want you to know
I'm not your angel
Darling run -why can't you see?
So run... away from me!Under the moon
My heart is turning black under my disguise
Another night, another dies
And if you find a place to hide I'll
Kick the walls in...
What you don't know
Will not hurt you
But here is the blow
-that is not true
And you will never know what hit you...Until the end I will love you
And love is blind, now that is true
Cause you will never know what hit you...
... I've been lying...Soon she will die
In the enemy bed she's sleeping
Innocent victim of this dark charade
But my secret remains in the shade...Yeah I want you to know
I'm not an angel
This evening I can no longer hide
I'm not just a man...
And I want you to know
I'm not your angel

Darling run -why can't you see?
So run... away from me!Tonight there is evil
On the ground
Tonight there is evil
Hold on tighter
When you believe there is no one to blame
I've got to prove you wrongYeah I want you to know
I'm not an angel
This evening I can no longer hide
I'm not just a man...
And I want you to know
I'm not your angel
Darling run -why can't you see?
So run... away from me!
