No One

Throwdown

The first will be the last
But I will take the chance
To see if what gives life
Is what slipped through my hands
GO!
Waiting in lines
To feed me lies
Respect for myself
No one runs this lifeNo one
Rock!If you're gonna do it
Do it for yourself
If you're gonna say it
Speak it for yourself
That way when it all
comes back to day one
You're your fucking self
Move!
