

Stay Awake (Moam Remix) www.LivingElectro.com

Example

If we don't
If we don't
If we don't
If we don't
If we don't
If we don't
If we don't
If we don't

If we don't If we don't kill ourselves we'll be the leaders of a messed-up generation

If we don't kid ourselves will they believe us if we tell them the reasons why

Do we take it too far, take it too far?

Did we chase the rabbit into wonderland?

Lose a hundred grand,

Will they understand

It was all to stay awake for the longest March on, always after us

Lost troops, half the class of us

You man ain't seen the last of us

Stick around yeah like Elastoplast

Not half mast,

Raise the flag, kick the sand

To let you know that we're coming

And we're nasty men Don't need sleeping beauty

No, it's what you did to me

Come midnight and daybreak

Yes please go find me a name sake

We got faith, but don't need bibles

Take the michael,

Hear my recital

While I hold the title

Quite vital

We get high on the opposite of Nyto It was all to stay awake for the longest time

It was long, it was wrong

But it felt so right

See you at the finish line

See you at the finish line

If you got the heart to join us If we don't kill ourselves we'll be the leaders of a messed-up generation

If we don't kid ourselves will they believe us if we tell them the reasons why

Do we take it too far, take it too far?

Did we chase the rabbit into wonderland?

Lose a hundred grand
Will they understand
It was all to stay awake for the longest
March on, always after us
Lost troops, half the class of us
You might not see the last of us
Stick around yeah like Elastoplast
Not half mast,
Raise the flag, kick the sand
To let them know that we're coming
And we're nasty men
Don't need sleeping beauty
No, it's what you did to me
Come midnight and daybreak
Yes please go find me a name sake
We got faith, but don't need bibles
Take the Michael,
Hear my recital
While I hold the title
Quite vital
We get high on the opposite of Nyto
We just grow, if it's late
Then we'll show, we don't wait
We just grow, if you hate
We don't show, we don't wait
We just grow, if it's late
Then we'll show, we don't wait
We just grow
If we don't
If we don't kill ourselves we'll be the leaders of a messed-up generation
If we don't kid ourselves will they believe us if we tell them the reasons why
Do we take it too far, take it too far?
Did we chase the rabbit into wonderland?
Lose a hundred grand,
Will they understand
It was all to stay awake for the longest
