

# Hood Star

## Three 6 Mafia

Yea! Hypnotize Minds, Jesus  
Three 6 Mafia, Lyfe Jennings, goin' down  
Life is beautiful man  
But niggas don't respect niggas, you know what i'm sayin?  
You help a man out just for him to dog you out  
Niggas don't appreciate shit, fuck 'em all!

[Chorus]  
So you crack this weed  
It's respect that'll cost my nigga  
Double back through the water if you cross a nigga  
It's greasy at the top, don't fall off my nigga  
And get lost my nigga  
I'm a marijuana smokin', never been broken  
I don't give a fuck about the po-lice, I'm a hood star!  
Sixty inches on my Impala  
Daddy I'm a motherfuckin' gangster

[Verse 1]  
These niggas wanna be in my shoes, but they feet too small  
They only yell so I turn to, just to see me fall  
The new code in the streets, that's used by the phony  
If you can't beat him, just call the police on him  
Or hate on him so bad try to turn the world against him  
Go in the studio like a hoe make some bullshit and dis him  
But none of that surprise me I done been through it all  
17 years in the game, real game, DJ Paul  
I done seen the real, I done seen the fake  
I done seen fake bitches turn real to fake  
Cause hateism is a disease, it's kinda like AIDS  
They feed you shit for years, and then they send you to your grave

[Chorus]

[Verse 2]  
First I'm broke, so I hang out with the rat and roach  
And still broke, cause I'm sleepin' on apartment flo's  
The hood struggle is to get it, got to make the change  
See every dark is like the dark cloud full of rain  
You wonder why niggas high and they robbin' folks

Ain't nothin' to tell you but to pack yo' heat and let it go  
Them junkies get a fuckin' kick, when they smoke a brick  
I never seen a drug dealer ever call it quits  
But get money (yes sir!) Make the block pop off  
Niggas snitchin' man they heads will get chopped off  
The feds tappin fool it's dangerous when you hood trappin'  
So don't get lost in the sauce slingin cold crack'n

[Chorus]
