

Midnight Romeo

Push Play

Meet me at my door,
By the end of the night,
Youll be scremin' for more more more of me.
Tonights a big night, so lets make history.
My lips touch your lips,
My hands on your hips.
Whats it gunna take for you to give me my goodnight kiss?

Oh Woah
My heart is beating fast but my hands are movin' slow
Oh awoah
feels so right you just cant say no.

Late Night gunna hit the town
Gunna make you wet gunna make you go
Woah woah
Midnight Romeo
Show me yours and i'll show you mine
Gunna make you sweat gunna feel it head to toe
You know
Im your midnight romeo

Ill Be your Dr. Jeckle and Mr. Hide.
The best of both worlds when you get inside my place place place with me
Youll be the lock ill be the key
The nights about to end
Tell me baby are we more than friends.
Tonight your dinners free, Whats in it for me

Oh Woah
My heart is beating fast but my hands are moving slow
Oh Woah Oh
It feels so right you just cant say no

Late Night gunna hit the town
Gunna make you wet gunna make you go
Woah Woah
Midnight Romeo
Show me yours and i'll show you mine

Gunna make you sweat gunna feel it head to toe
You know I'm your midnight romeo
Tell me each time Ill turn the lights down low
Show me yours and I'll show you mine
Gunna make you sweat gunna be your romeo
Take my hand its time to lose control

Woah Woah
Im your midnight Romeo
Late night gunna hit the town Gunna take you out
gunna make you go
Woah woah
Late night gunna hit the town
Gunna take you out gunna make you go
Woah woah
Midnight Romeo

Show me yours and ill show you mine
Gunna make you sweat gunna make you feel it head to toe
You know
Im your midnight Romeo

Late night gunna hit the town
Gunna take you out gunna make you go
Woah Woah
Midnight Romeo

Show me yours and i'll show you mine
Gunna make you sweat gunna feel it head to toe
You know
Im your midnight romeo.
