Open My Eyes

Buckcherry

Are you strong enough
Do you feel my touch
You are the comfort in my eyes

Moving through the lust
Feeling dangerous
I wanna open the door to your life

[Chorus]
The steps we take on the way to free our minds
And lives have changed by the way we free our minds
And being with you was the moment
I opened my eyes

When you sleep at night
Are your dreams delight
Do all your fantasies fill your head

I want to dance with you
With the midnight moon
Want emotion and do it again

[Chorus]

Breathing in, breathing out your love
Breathing in, breathing out my love
Breathing in, breathing out your love

Come in closer now
To this love we found
Are you able to take this flight

It's come down to this
The first time we kissed
Like the ocean we sway you and I

[Chorus]
