I Broke a Promise

Casey Daniels Band

Sheâ€™s all alone at 2am, counting that clock on the wall
I made you a promise girl, now it means nothing at all
I lie baby, I lie so good, had you lying to yourself
Now youâ€™re picking up the pieces for all the wrong reasons
Screaming my name for help

Now youâ€™re crying on my shoulder saying â€œbaby stay soberâ€•
As I watched every tear that fell
The way that Iâ€™ve been drinking has kind of got me thinking
I might be the devil himself
I can feel her heart breaking; I know sheâ€™s going to say
Love was all she wanted
But now sheâ€™s slipping away, cause baby I broke a promise

She threw away the ring I bought her and she read the letter I wrote
She asked where we went wrong, and whereâ€™s the man she used to know
Now sheâ€™s standing in the drive reading in between the lines
Damn, I got a heart of stone
And Iâ€™m dying down inside trying to swallow my pride
I canâ€™t let the bottle go

Now youâ€™re crying on my shoulder saying â€œbaby stay soberâ€•
As I watched every tear that fell
The way that Iâ€™ve been drinking has kind of got me thinking
I might be the devil himself
I can feel her heart breaking; I know sheâ€™s going to say
Love was all she wanted
But now sheâ€™s slipping away, cause baby I broke a promise

Itâ€™s going to hurt me more than you
To hear these words and say weâ€™re through

Now sheâ€™s crying on my shoulder as tell her that itâ€™s over
I watched every tear that fell
The way that Iâ€™ve been drinking has kind of got me thinking
I might be the devil himself
I can feel her heart breaking; I know sheâ€™s going to say
Love was all she wanted
But now Iâ€™m walking away, cause baby I broke a promise

Now Iâ€™m walking away, cause baby I broke a promise
