El Diablo

Nonpoint

It wasn't the suit or even the tie
That made me wonder
It was the horns that you scorn and hide
(no-no)
That were adorned by your graceful father
When he cast you under
And now you're looking for a soul to buy
You're not taking mine!Mira no lo ves es el Diablo
Mira no lo ves es el DiabloYou think you're clever with your silent endeavors
Well all your reasons can't hide forever
'Cause even God isn't lettin' you win
(No-no)
I struggled 'til the pain that I felt couldn't measure
All the promises that I remember
You made when our story began
This flighted romance!Mira no lo ves es el Diablo
Mira no lo ves es el DiabloYou may have the others fooled
'Cause the don't see what I do
Cuidado yo lo ves es el DiabloMira no lo ves es el Diablo
Mira no lo ves es el DiabloYou may have the others fooled
'Cause the don't see what I do
Cuidado yo lo ves es el Diablo
Es el Diablo
