Published by mfg sing sing music/socan - ascap Everytime I get restless, I see my hand knockin' on your door

And everytime I'm in a fix baby, I start actin' like I need you more

Well I've been lookin' for someone to talk to

And I've been searchin' for a better way

And I've been runnin' all over town, girl

I've been lookin' each and every way, yeah But you got somethin' special

And I'm bein' on the level with you

You got that thing that moves me, yeah

(great stuff, luv your stuff), mmm, I luv your stuff

(great stuff, luv your stuff), at five o'clock in the morning

(great stuff, luv your stuff), still can't get enough

(great stuff, luv your stuff) Livin' like a fool in flames

You know that I been usin' you, girl

And I'm the one to blame

But babe, I got my cupboards all stocked and ready

What you get girl, is what you see

And you've been lookin' inside my head now

And you got your arms wrapped around me, mmm I got no thing for our candy

It's your lovin' girl, that gets me down

You got that thing that moves me, yeah

(great stuff, luv your stuff), ooh, I luv your stuff

(great stuff, luv your stuff), send the bill in the morning

(great stuff, luv your stuff), I luv your stuff

(great stuff, luv your stuff), get busy I got no sense of reason, I know I gotta make a deal

It's all comin' down to somethin' baby, it's tellin' me I got to get real, huh

I got my senses in a tuft, I'm all mixed up, my temperature's starting to rise

And I can't seem to stay away from you, girl, I think it's more than we realized, yeah Won't you look what it's
doin'

It's your lovin' girl, that gets me down

You got that thing that moves me, yeah

(great stuff, luv your stuff), ooh, I luv your stuff

(great stuff, luv your stuff), I'll pay the price in the morning

(great stuff, luv your stuff), ooh, I luv your stuff

(great stuff, luv your stuff)
