The Refusal

Karnivool

WE ARE A BROKEN WRECK
WE'VE BOTH GOT PILES OF REGRETSThere ain't nothin' you can say or prove
I held the rope that let you down
As we crash into the waves and drown
This is impossible
So if there's any doubt
I will throw you a line
Excuses, excuses
Don't ever remind me
How it isn't all it will beThere ain't nothin' you can say or prove
That I held the rope that let you down
As we crash into the waves and drown
This is impossibleYou've been this way before
Shadows here all know you
I don't know what you've heard
Or what it is inside you
We are all around you
We are all around you
We are all around youIf love comes first
Maybe our lives will dissolve
Young fruit, still not bruised
Hey, maybe, just maybe,
We all made our moves
And mine could've helped you
I could've helped youWE ARE A BROKEN WRECK
WE'VE BOTH GOT PILES OF REGRETSWE ARE A BROKEN WRECK
WE'VE BOTH GOT PILES OF REGRETSThere ain't nothing you can say to prove
That I held the rope that let you down
As we crash into the waves and drown
This is impossible!
This is impossible!
