

Reach

Meredith Edwards

I know sometimes this world's so unkind
And it's hard to find one true friend
When all of your dreams
Are scattered like leaves in the wind
But trust me, don't ever doubt

I promise I won't let you downJust reach, reach, reach out to me
And I'll be there, all that you've got to do
Is reach, reach, hold out your hand
I won't let go
This love's ready to begin

The answer is just within your reachI feel that I've known you long enough now
And I don't need to play childish games
So I say these words to you
Believing they won't be in vain
And someday we'll look back and laugh
At all of this wasted time, babyReach, reach, reach out to me
And I'll be there, all that you've got to do
Is reach, reach, hold out your hand
I won't let go
This love's ready to begin

The answer is just within your reachAnd you'll never wonder what you mean to me
This flame will always live on
And now every moment forever you'll be
The only one I'll ever wantJust reach, reach, reach out your hand
And I'll be there, all that you've got to do
Is reach, reach, hold out your hand
I won't let go
This love's ready to begin
The answer is just within your reachThis love's ready to begin
The answer is just within your reach
