

Be Here Now

[George Harrison](#)

Remember, Now, Be Here Now
As it's not like it was before.
The past, was, Be Here Now
As it's not like it was before ... it was
Why try to live a life,
that isn't real ... no how

A mind, that wants to wander, 'round a corner,
is an un-wise mind
Now, Is, Be Here Now
and it's not what it was before,
Remember, Now, Be Here Now
as it's not like it was before ... it was
