

# Turn Me On

## Atomic Kitten

If ya like to see me 'cos you want to  
That's okay  
'Cos I can make ya feel ya got the need to  
Everyday You're the one I need the most  
(You're the one I need the most)  
Shout it out from coast to coast  
(Shout it out from coast to coast)  
I will never be the same  
(Baby)  
Again and again and again You just turn me on  
On and on and on  
You just turn me on  
On and on and on  
On and on Bet you think that I just couldn't wait to  
Be with you  
Must have been our destiny that you would  
Want me to You're the one who's right for me  
(You're the only one who's right for me)  
I'm the only one you need  
(I'm the only one you need)  
Baby when you call ma name  
(Baby)  
Again and again and again You just turn me on  
On and on and on  
You just turn me on  
On and on and on  
On and on On and on  
Turn me on  
On and on  
Turn me on On and on  
Turn me on  
On and on  
Turn me on On and on You just turn me on  
On and on and on  
You just turn me on  
On and on and on  
On and on You just turn me on  
On and on and on  
You just turn me on

On and on and on  
On and on You just turn me on  
On and on and on  
On and on  
You just turn me on  
On and on and on  
On and on
