Miracle Sun

Circa Survive

Where do you go when it gets dark
And is there room for me there?
How long will it take you to wake up
Before you go, will you wake me?
Or I'll sleep all day
Miracle sun
Stay with me tonight
We don't wanna be without you
We'll come along so save a place for us
We don't wanna be left alone, no
Where do you go when it gets dark
And is there room for me there?
How long will it take you to wake up
Before you go, will you wake me?

Or I'll sleep all day
Miss everything
Miracle Sun
Stay with me tonight
We don't wanna be without you
We'll come along so save a place for us
We don't wanna be left alone, no
Miracle Sun
Stay with me tonight
We don't wanna be without you
We'll come along so save a place for us
We don't wanna be left alone no
