

This Ain't Love

[Ryan Robinette](#)

You tell your friends, we're doing fine.
But I , see it in your eyes and i known that you're not sure.
Maybe is time, to read between the lines...
Look into your heart and see if I'm what you looking for.

This aint love if you don't burn for me.
This aint love if you don't yard for me.
This aint love if you don't need me,
as bad as you want me this aint love.

We don't really argue, and we dont really fight
Maybe thats the part that bothers me the most.
And even when we high, I feel we're just alright.
