

Goodbyes

3 Doors Down

There's so much that I would say, if I could see you one last time
But now I can't 'cause you're not here but you're always on my mind
I look up when you're not there, when I lie awake at night
All these things I ask myself, I don't why When it's the first time that you'll never see someone again
When it's the last time you weren't ready for it end
Whenever I leave you standing alone there in the dark
They're never easy but sometimes, goodbyes are so hard,
They're so hard. I look ahead, but can't move on, I look back but I can't stay
I keep tryin' to be strong, but there's pain it won't go away
I hope this will heal in time, 'cause I can't go on like this,
And right now I would give my life for one last kiss. When it's the first time that you'll never see someone again
When it's the last time and you weren't ready for it end
Whenever I leave you standing alone there in the dark
They're never easy but sometimes, goodbyes are so hard,
You'll be there on my mind, standing in the sunshine
