

# Soldier's Things

Paul Young

Davenports and kettle drums  
And swallow tail coats  
Table cloths and patent leather shoesBathing suits and bowling balls  
And clarinets and rings  
And all this radio really needs is a fuseA tinker, a tailor  
A soldier's things  
His rifle, his boots, full of rocksAnd this one is for bravery  
And this one for me  
And everything a dollar in this boxCuff links and hub caps  
Trophies and paperbacks  
It's good transportation  
But the brakes aren't so hotNeck tie and boxing gloves  
This jackknife is rusted  
You can pound that dent out  
On the hoodA tinker, a tailor  
A soldier's things  
His rifle, his boots, full of rocksAnd this one is for bravery  
And this one for me  
And everything a dollar in this boxA tinker, a tailor  
A soldier's things  
His rifle, his boots, full of rocksAnd this one is for bravery  
And this one for me  
And everything a dollar in this box
