

Ease Off the Liquor

Timbaland

Ow, Ow, Timba da back,
Timba da back babe,
Timba da back babe.
Ay, ay, ay ,ay ,ay lil' mamma cool it down
Ay she's the talk of the town yea she gets around
A little lover she'll turn ya out.
Beware can't hold her down,
Not her the baby girl,
Oh she's a crazy girl,
Somebody come get the girl, Easy she's bout to drown,
Easy she's outta bounds,
Easy come save the girl,
Easy she's about to growl,
Do you love that, another round
Was it all that? another round
You enjoy that? another round
Girl you all that but ease off the liquor
Little mama you off the Richter
Ease off the liquor
Little mama you off the Richter
Ease off the liquor
Little mama you off the Richter
Ease off the liquor
Little mama you off the Richter Why? my tolerance is high
Four shots don't do nothing to me I'm fine.
Can you hold your liquor cause I can hold mine.
And if I get pulled over, I can walk a straight line.
Talk to me. She can hardly walk
Lets go lets go lets go
Can't drink no more
Would you cut down and lets go
Don't need no more
Would you cut down and lets go
Don't need oh no
Now she taking off her clothes. Easy she's bout to drown,
Easy she's outta bounds,
Easy come save the girl,
Easy she's about to growl,
Do you love that.. another round

Was it all that? another round
You enjoy that? another round
Girl you all that but ease off the liquor
Little mama you off the Richter
Ease off the liquor
Little mama you off the Richter
Ease off the liquor
Little mama you off the Richter
Ease off the liquor
Little mama you off the Richter Hey, hey, hey, I need you to put that drink down,
Put that drink down, you had too much now
You had too much. I had no put that drink down
Out that drink down, I know I'm doing, I know what I'm doing
I need you to put that drink down, put that drink down.
You had too much now, you had too much. I had no,
Put that drink down, put that drink down,
I know what I'm doing, I know what I'm doing.
Little mama you had too much, ease off the liquor. What I like is a lady who can hold her liquor,
What I like is a lady who can hold her liquor.
What I like is man making more than six figures,
What I like is man making more than six figures. Ease off the liquor, little mama you off the Richter.
Ease off the liquor, little mama you off the Richter.
Ease off the liquor, little mama you off the Richter.
Ease off the liquor, little mama you off the Richter. Two drinks is the minimum
Two drinks is the minimum
Two drinks is the minimum
Four is doing so much
Ease up
Ease up lets have fun
Ease up
Ease up lets have fun
Ease up
This is like the alcohol america song
Ease up off the liquor Ease off the liquor
So you can't blame it on the alcohol
Ease off the liquor
Why? so we can't blame it on the alcohol
Why? so we can't blame it on the alcohol
So we can't blame it on the alcohol
So we can't blame it on the alcohol
Alcohol, alcohol, alcohol, alcohol, alcohol, alcohol.
