

# Do The Dirty

## Slade

[1] Hear a whistle blowin' out there somewhere

Beware a wolf a knockin' on the door.

Hear a whistle blowin' out there somewhere

Leave his sheep skin on the floorChorus Do the dirty, do the dirty, do the dirty now

Do the dirty, do the dirty, do the dirty and now

The things that we said went over their heads[2] Hear a bellow roarin' out there somewhere

Hear a bellow roarin' out there somewhere

Take his horns before it's too lateChorus R E P E A T[3] Hear no sound o'nothin' out there nowhere

Beware a snake comin' through the grass

Hear no sound o'nothin' out there nowhere

Cold as ice so let him passChorus R E P E A T
