

Eat the World

[Stef Lang](#)

VERSE 1:

I bought into your lies
I played it nice,
Guess it was all good exercise
Kept me paralyzed
I took your advise, I
Was so easy for you to cast aside But don't you act surprised when I blow up the sky
You'll want on the boat when I go go go go Chorus
It's a Take over
I'm a run this shit
I'm a run it gonna be the one (you gonna regret)
It's a Take over
I'm a run this shit
I'm a run it gonna be the one
You just Wait for it
No holding me back
(Eat the World)
No holding me back
(Eat the World)
No holding me back
(Eat the World)
No holding me back
(Eat the World)
No holding me back
(Eat the World)
No holding me back
(Eat the World)

Eat the world, gonna eat the world VERSE 2:

Just a carousel ride
I got chained to the sides, I
Finally stopped to open my eyes
The cream gonna rise
I'm a freak in design
And the chips gonna fall on my side
