Baby Please Don't Go

[John Lennon](#)

Two, three, fourYou know I love you, baby, please don't go, well, well
Know I love you, baby, please don't go, well, well
You know I love you, honey child
There's nothing that I wouldn't do for you right now
You know I love you, baby, please don't go, wellKnow I need you, baby, please don't go
You know I love you, baby, please don't go, well
You know I love you, honey child
Nothing that I wouldn't do for you right now
Know I love you, baby, please don't go, wellYou know I want you, baby, please don't go, well, well
Know I want you, baby, please don't go
You know I love you, honey child
There's nothing that I wouldn't do for you right now
You know I want, baby, please don't go, well
