

Shine

DaG

Hey hey now
I'm doggin' these long days
When was it said that nothin' good's gonna come my way
HoneysuckleChocolate prize
Ain't nothin' better than summersweat desire
She sets it off with a wicked smile
But that's alright
Droptop in the summertime
But that's alright
Creepin' home in the mornin' light
Doin' what makes ya high
Temptress you are my desire
Shine to light my way
Sun's gonna catch ya smilin'
Keep shinin' 'round my way
It's soon to be late
A LipstickTwilight haze
She lay in clover and laughs at what the devil made
Slow like honey
Until she's through
No lie
Lovin' the things that she said that she'd never do
To all the freaks on the patio
Yeah it's alright
New kicks and I'm layin' low
Yeah it's alright
Tubetop and it's slippin' down
Well it's alright
Everybody's gettin' down
Doin' what make ya high
Temptress you are my desire
Shine to light my way
Sun's gonna catch ya smilin'
Keep shinin' 'round my way
Temptress you are my desire
Shine to light my way
Sun can't get much higher
Keep shinin' 'round my way
Temptress you are my desire

Shine to light my way
The sun's gonna catch you and all your loose change
Mountains can't get no brighter
Sun keeps gettin' higher all the time
