

# Nice Guys Finish Last

## Johnnie Bassett

I'm after your body, good girl  
I'm after your mind  
Yes, I want it all, baby  
But all in good time  
Yeah, yeah, yeah, yeah

No need to move in too fast  
I know a woman's need to come first  
And nice guys finish last

I'll start out real gently  
And I'll start out real sweet  
Then baby when you're ready (ha-ha)  
I will turn up the heat  
Yeah, yeah, yeah, yeah

No need to move in too fast  
I know a woman's need to come first  
And nice guys finish last

It might take an hour (he-he)  
It might take all night  
I'll do all I can, baby  
To treat you just right  
Yeah, yeah, yeah

No need to move in too fast  
I know a woman's need to come first  
And nice guys finish last

I ain't no hurry  
I ain't no race  
I just wanna see you, baby  
That smile on your face  
Hey-hey-hey

No need to move in too fast  
I know a woman's need to come first  
And nice guys finish last

I know a woman's need to come first  
And nice guys finish last
