

# The Soldier

M. Craft

What I would do to be close to you?  
What I would do for your love?  
I have been fighting in distant wars  
You are the one I've been thinking of  
What I would do to be there with you?  
What I would do for your kiss?  
I have been traveling in far off lands  
You are the only thing I miss  
But the sand stretches out ahead  
Time takes its time  
If I don't come back dead  
Then I'm coming to make you mine  
What I would do to be close to you?  
What I would do for your touch?  
As I have been fighting these stupid wars  
Baby, I've wanted you so much  
But the sand stretches out ahead  
Time takes its time  
If I don't come back dead  
Then I'm coming to make you mine  
What I would do for your love?  
What I would do for your love?  
What I would do for your love?  
What I would do for your love?  
For your love?
