The Soldier

M. Craft

What I would do to be close to you? What I would do for your love?

I have been fighting in distant wars

You are the one I've been thinking of What I would do to be there with you?

What I would do for your kiss?

I have been traveling in far off lands

You are the only thing I missBut the sand stretches out ahead

Time takes its time

If I don't come back dead

Then I'm coming to make you mineWhat I would do to be close to you?

What I would do for your touch?

As I have been fighting these stupid wars

Baby, I've wanted you so muchBut the sand stretches out ahead

Time takes its time

If I don't come back dead

Then I'm coming to make you mineWhat I would do for your love?

What I would do for your love?

What I would do for your love?

What I would do for your love?

For your love?
