

# Mist & Shadow

## The Sword

high in the mountains and deep in the pines  
lies the source of a vortex where certain forces align  
with nothing to do but commune with the trees  
in the valley of mist and shadow restless souls can be released  
why do people wonder if there is evil in the world?  
if it's lurking in the darkness until its plans can unfurl  
when it's standing before you in the clear light of day  
in a finely tailored suit with a smile on its face

sun and moon

light and shadow

sacred ground

to be hallowed

in the hills

and the hollows

where it wills

we will follow

sun and moon, light and shadow

sacred ground to be hallowed

in the hills and the hollows

where it wills, we will follow
