

Blue Buddha

My Life with the Thrill Kill Kult

I created your body, just as I created your mind Ultra-flesh
Deceive me
In bed with villains
If ultra-flesh is what you want
Then ultra-flesh is what weve got Ultra-flesh, yeah
Ultra-flesh, yeah, yeah, yeah Whos behind closed doors?
A mini flower child
Whos behind closed doors?
Playboys and playgirls
Whos behind closed doors?
Blue Buddha
Waiting to be taken as plain as the light of day Come seeds
(Youve tried the rest)
Of suffering
(Come back to the best)
Searching, believing in ultra-flesh
Pleasure seeker
Come seize the suffering
Searching, believing in ultra-flesh Deceive me
Ultra-flesh, yeah, yeah, yeah Whos behind closed doors?
The perfect artificial man
Whos behind closed doors?
Worlds greatest lover
Whos behind closed doors?
The whore of Babylon Whos behind closed doors?
Sweet servant of delight
Whos behind closed doors?
God the 1, 2, 3
Whos behind closed doors?
Playboys and Playgirls
Whos behind closed doors?
My Lord, help us! Whos behind closed doors?
Blue Buddha
