

Change The Way

Aaron Shust

King of all the universe
We love You and we come to You now
Asking for Your healing touch
We need You this very hour Would You help us comprehend
What it means to worship You
'Cause we're blinded by our circumstance
Heal our eyes today May we know Your love, feel it course through our veins
Encircling our hearts and embracing our souls
We need Your love and grace to remain
To rearrange our hearts and change the way we praise Son of God who took my place
We thank You and may we realize
You've made us righteous in His sight
You took our wrongs and made them right
We owe you all of our lives Would You help us comprehend
What it means to worship You
'Cause we're blinded by our circumstance
Heal our eyes today May we know Your love, feel it course through our veins
Encircling our hearts and embracing our souls
We need Your love and grace to remain
To rearrange our hearts and change the way that we praise Love me, Father, for I am Your son
(I am Your daughter)
Love me, Father, for I am Your son
(I am Your daughter) May we know Your love, feel it course through our veins
Encircling our hearts and embracing our souls
We need Your love and grace to remain
To rearrange our hearts, change the way that we praise
(Change the way we praise)
Rearrange our hearts, change the way we praise
