

Motorcycle

Remy Zero

Too much wine has crossed my mind and closed gates
Shadows move all across my room in waves of late
I almost think this table is aliveBlack motorcycles
Nothing could go further in the dark
Circle and cycle
Now it's gonna change
You say nothing stays the sameStay, I'm afraid
I sleep all dayA thousand hours are in your mouth
I dreamed our learning
And now it's time to dream our turning outBlack motorcycles
Nothing could go further in the dark
Circle and cycle
Now it's gonna change
You say nothing stays the sameMmm hmm
This is on, it can't be wrongBlack motorcycles
Nothing could go further in the dark
Goodnight, sweet Michael
And now you're gonna change
You say nothing stays the sameFree and wild, an amazing child
You'll be my end
