

# Hazing

## Throwing Muses

Strange time to be hazing me  
Breaking me, shaking me, awake now  
Strange time to be hazing me  
Breaking me, shaking me, awake now  
I'm up now You're crazy, you're hazing me  
Strange time to be needing me  
Cheating me, freezing me out now  
I'm up now You're crazy  
You don't faze me, that's my cue  
That's my cue  
I'll spend another day dancing with you
