Satan's Mayhem

Dark Funeral

Embraced by darkness I am lost in a silent void
Lying on a cold grave
Once mourned now forgottenSince the day I passed the cemetary portals
I dwell in a dark emptiness
Year after hour, my veins turn to dust
In a time endless I see myselft wither away...
Wither awayAbandoned in the silent grave I dwell
Staring into darkness with lifeless eyesIf no one hears my silent cries, forgotten and vanished
I shall always beForlorn of hope, chained to solitariness
With despair in my soul, I'm wrapped into obscuritySatan
The horned emperor of depths
Lend to me dark demon wings
Grant me the strength for my journeyEnshrined in the dark in a cold black casket
Cursed to live in this grim immortal existence
Father, show mercy upon my tormented soul
Reveal the darkened path to the realms of hell...
Realms of hellAbandoned in the silent grave I dwell
Staring into darkness with lifeless eyesLord, why have you abandoned me
Why have you ignored my prayers
