

What I'm Lookin' For

[Donna Hughes](#)

It's a cold world, sometimes I feel all alone
It's a long road, that I'm rolling on
And I wonder, if I'm on the path I should have taken
And I'm still here, even though my heart is breakin'
Chorus: Someday I'm gonna find what I'm looking for
Someday I'll find my place in this world
Someday I'm gonna know why I'm here
When I find, what I'm looking for
It's a big old world, and sometimes I lose my way
But I keep searching, and I get closer every day
I can't look back, and I can't go back in time
I gotta move on, and leave the past behind
Chorus
