Take Me In Your Arms

Jody Watley

Take Me in Your Arms
Would I be too forward if I moved a
Little closer whispered gently what I want you to do to me
Can I take your hands and place them gently near my heart as it
Beats . . . anticipating
My thoughts, my love, my soul, my fears
Undressed before you and all I want to do is lose them inside you . . .
Let me show you how I wanna be loved . . .
If I were to open up to you baby would you still think of me as a lady?
Take me in your arms, hold me tight, love me tonight over and over
Take me in your arms . . . love me oh so slow
I know a woman aint supposed to express the way she feels
When it comes to make love and I dont want to try and change you
Just enhance the things you do so well
Cause youre my man gonna be together . . . pray for always
What Im trying to do here is just communicate
My thoughts, my soul, my body is undressed before you
Now that Ive opened up to you baby do you still think of me as a lady
Chorus
