

# No Name

NF

Look, people ask me what the future is  
All I know is I'll be doin' this  
All I know is things are moving quick  
That's convenient for me 'cause that's how I live  
Now they see me out here movin' up  
You don't like me, that makes two of us  
Times change, yeah, I can't adjust  
Yo, it's who you are not who you was, oh my  
Yeah, just went to Europe, they said the single is working  
I think I'm learning, I am way more than people might think when they look on the surface  
What is my purpose? Yeah  
That is a question that I have been asking myself and it hurts  
'Cause it's prolly something I should already know but I don't know it yet, I'm tryna grow as a person, woo!  
I'm sick of people tellin' people I'm here 'cause of marketing dollars, oh  
You think that everything is gonna blow just 'cause you market it harder? No  
I got my hands in everything, now they out here tryna get to me  
Stop tryna lecture me  
You don't compare to my level of thinking, so why do you think you compare to my energy, huh?  
Small circle, but the number's growin'  
Fame called me, I'm like, "How you doin'?"  
Hung up on him, I ain't ready for it  
I'll get back to that when I make album four  
Less talking, I've been workin' more  
Better me is what I'm workin' towards  
Y'all judgin', but we not in court, no, we not in court, oh Lord!  
Last couple years, let's recap  
I make a livin' off of writin' out my regrets  
I'm doin' me, I don't care where the scene's at  
Try to give me feedback, I don't really need that  
I used to walk on stage in a V-neck  
I used to wear a lil' tie with a black vest  
I came a long way, why you lookin' upset?  
I'm tryna paint a picture, get the vision, you ain't hear it yet, woo!  
Look, hold up, hold up, wait a minute, please  
Flow's switchin', I got ADD  
Brain scatters when you play the beat  
It don't matter what you say to me  
I'll be doin' this at 83  
I've been doin' this since ABC's

In the major leagues doin' major things, don't play with me, woo!  
I'm livin' life in the fast lane  
Wake up every morning thinkin' I'ma have a bad day  
Drive my own car, I don't like the valet  
Parked, then I go into my mind with an AK  
Shoot every thought in my head then it rotates  
Losin' it all, but I think that I'm okay  
Who is involved? I don't know, but I'm insane  
Poof and I'm gone, wanna call me a no name, what!?  
I'm prolly not what you thought  
I'm prolly not what you thought  
I used to judge everybody that wasn't like me 'til I learned it was wrong  
Girl told me I should get it together and get out the dark  
I'm tryna give her my heart  
That's when I sit in my car, writin' for hours until I can barely talk  
I mean, where do I start?  
Feels like I'm fallin' apart  
Act like my image is hard  
I always put on my garb  
Even when talkin' to God  
Sit in my room and I plot  
Everything that I'm not  
Comes out in the music I jot  
I give it all that I got  
I give it all that I got!  
I'm tryna think out the box, no!  
Yeah, I got people standing outside a bus screaming my name  
I don't come out and take pictures, they tell me I changed  
I don't smile in VIPs, you get mad like, "You know what I paid?"  
Guess I don't know what to say  
Guess I don't know what to say  
I leave it all on the stage  
I leave it all on the stage
