Slush

Draag

What is the answer?
O' you know, we'd all like to know
And what is your reason?
O' I know, we'd all long to know
Though there is nothing else left in our hearts

And what was your question?
Though I know we'd all love to hear
And what were you thinking?
I know that I'm with the people of the earth
Though there is nothing else left in our hearts

Now that we're older
There's more that we must do
With songs we remember, remember my love is with you

What is the question?
O I know we'd all long to hear
The more I see things
I have to wonder, are we all but queer?
Now there is nothing else left in our hearts

Now that we're older
There's more that we must do
With songs to remember, remember my love is with you
Now that we're older
There's more that we must do
With songs to remember, remember my love is with you

Don't I know there is a god?
Don't I know there is a god?
Now I know there is a god in your heart
Don't I know there is a god?
Don't I know there is a god?
Now I know there is a god in your heart
Now I know there is a god,
Don't I know there is a god,
Don't I know there is a god in your heart
