Zlata Ognevich

Nothing comes from dreams but dreams
Still you believe in wonder
Something happens and it seems
Like a strike of thunder

Nothing comes from love but love
Why is it growing stronger?
I am falling from above
I will wait no longer

Iâ€™m like a butterfly
Spinning round a sword as if to dare
I should have stayed up high
(Itâ€™s stronger than me) My gravity, my gravity

Heyâ€| shaâ€|
Ah yeahâ€| leleâ€|
Seeâ€| leleâ€|

Nothing comes from pride but pride
Mmhâ€| my way is clear
Dancing on the edge tonight
Now I feel no fear

Iâ€™m like a butterfly
Spinning round a sword as if to dare
I should have stayed up high
(Itâ€™s stronger than me) My gravity, my gravity

Iâ€™m like a butterfly (My gravity)
Iâ€™m like a butterfly
And I should have stayed up high
(Itâ€™s stronger than me) My gravity, my gravity

Gravity
