

# Californication

## Quasar

In californication, yeah, bitch I'm from the country dumb make the nigga soft

Big city nigga come south and get they wigs knocked off

...I just hustle and flow, find a track to start and pimp on a hoe

The block got hot a nigga had to get low

Get the fuck out of ... I hit my uncle on the east side

Trevon, wharrup neph what's cracking

I wanna visit L.A., I'm already packed

Been already stacking so we gonna get turned up

Soon as you land, purple kush gonna get burnt up

Shit, the next day I'm in the LAX

Uncle Trey pulled up in a Camaro SS

Black on black, sitting on 23

Bumping rich boy like bitch ...

2 bad bitches in the back seat, one of them for me

Next ... name Marie, rolling up some trees,

...Roll down the window, just to feel the breeze

It's real nice, feeling like paradise shit

And all I can see is sunshine and palm treesWelcome to californication, welcome to californicationWhere we're going, to the hood

Now I wanna see the ...shower...

Fool, that's where the cops be

I ain't got no driver's license or assurance

Sure enough the cops put us over on...

Everybody out the car, the cops set us on the curbe

They searched the ashtray and found a roach full of herbs

What's this in that cigar? Medical marijuana officer

I got a ....call

What condition you smoke weed for?

Trevon Jones, place your hands behind your back

You're under arrest for warrants go to court...Monday

Monday? It's Wednesday man,

Or maybe Tuesday, you heard me m'aam

Now if you keep it up, I'll arrest you for obstruction of justice

Trev like, take the car, fuck this

Have fun, call my homies, go clubbing with you dumb ass

At least they ain't found my gun stashWelcome to californication, you might come for vacation

Welcome to californication, you might leave on probation

I'm telling you that

Welcome to californication, anyone goes, everything goes

Welcome to californication, californicationI dropped the bitches off, now I'm off to my uncle house  
Stopped by the liquor store, nothing but the thugs out  
White teeth and chunks when niggas hit me up like  
Where you from homie?  
Lifted up his shirt on me, Colt 45  
And dawg I wouldn't strap another would walk up like  
Nah, he cool, that's Dave Black, Tray lo folks  
Visiting from Mississippi,  
Pass the pine of Hennesey, here sip this with me  
I'm Javon, we're gonna get it popping tonight  
Wassup, Hollywood around, these niggas are flocking at night  
What's flocking? Breaking in homes...burglary nigga, damn you slow  
Oh we kicked it in the hood drinking smoking kush twist up  
Hood rat with the big butt chose up got our dicks up  
Kissed my auntie on the cheek see you laters  
Now we 5 niggas deep and ...  
The club's off the chain, I'm seeing models and stars  
NBA players straight buying out the bars  
The state of Arizona kinda segregate  
But my dick don't discriminate,  
Black girls white girls, pimping I just like girls  
California girls, Katy Perry tight girls  
Met an Asian with fake tits next to a hype girl  
She took a pot of ...sniffing on that white girl  
VIP bottles and all that, this ... started pouring out cognac  
... I took a bottle and I cracked that nigga, smacked that nigga  
Security bust me like arrest that nigga  
Tearing up the club, all 5 of us  
Asian bitch grab me like hurry up slide with us  
But the cops were outside stop ... to retain me  
Found some coke in her purse, motherfuckers play me  
Next thing you know I'm in the county jail  
I walked and I seen my uncle Tray's right there  
And he's just shaking his head then he laughed at a nigga  
Don't be in the bed, don't let the bright lights fool ya...  
It's been 24 hours I just caught my first case  
I just can't see the honey once I got locked up  
Niggas doing crazy my advice...

As they tripping on me for no reason...Welcome to californication, you might come for vacation  
Welcome to californication, you might leave on probation  
I'm telling you that  
Welcome to californication, anyone goes, everything goes  
Welcome to californication, californication
