

# Maybe September (Song from "The Oscar")

**Tony Bennett**

Maybe September  
I love again  
Maybe a rainbow  
Will catch me then  
This little boy lost  
Will find his way once more  
Just like before  
When lips were tenderThe shade of the willow  
When love was born  
A face on a pillow  
In early morn  
I still see that golden world  
In all it's splendor  
Maybe September  
Love will come againA taller tree, a sweeter log  
A bluer morning sky above  
And maybe come September  
I'll share these wonders  
With my love
