

Tegernako (Live At Metal Camp 2008)

Eluveitie

A folk of cheeriness and strength
Content with the life they lived
So-called barbarians yet with eyes cleared
For what they truly need and what damn not
Free and plain Barbarians, farmers and savages
Counted as ignorant and uncivil
But told to bow before the emperors throne
They were at least not venal
True and plain freedom - of this natures clan
True and plain pride - of this celtic clan
True and plain dignity - Tegernako!
